LONDON CLERGYMAN ANALYZES AMERICA

[SPECIAL DESPATCH TO THE HERALD VIA COMMERCIAL CABLE COMPANY'S SYSTEM.]

HERALD BUREAU, No. 150 FLEET STREET, LONDON, Tuesday.

The Rev. R. J. Campbell, who returned to London to-day, told interviewers he had been treated thoroughly well in the United States.

"I have met practically none of the American brag and bluster you hear of. The division," he added, "between the moneyed interests and the working classes is, I think, more pronounced in America than here. We in England are much more democratic. Then, of course, our politics is much purer, but the people are revolting against graft and the political bosses are hard put to it at times."

NEW GALSWORTHY PLAY SEEN IN LONDON

[SPECIAL DESPATCH TO THE HERALD VIA COMMERCIAL CABLE COMPANY'S SYSTEM.]

HERALD BUREAU, No. 150 FLEET STREET, LONDON, Wednesday.

"The Pigeon," a new play, described as a phantasy, written by Mr. John Galsworthy, had its premiere last night at the Royalty Theatre.

The Daily Express says it is a sad and almost despairing demonstration of the futility of charity.

The Daily Chronicle says: "It is a whimsical and picturesque mingling of farce and philosophy with Shawesque freedom."

The Daily News says: "As a play by Mr. Galsworthy it is something of a disappointment."

The Morning Post says it wanders over so many keys as to create no impression."

BRITISH MONARCHS REACH GIBRALTAR

GIBRALTAR, Tuesday.—King George and Queen Mary arrived here to-day on board the steamship Medina, which is taking them back to England from India.

The Spanish fleet lying off Algiers and the British fleet anchored at Gibraltar saluted the Medina as she entered the harbor.

Sirius, Watch Dog of the Sky, Rules Gem Decked Heavens

King of the January Firmament Sits in State Surrounded by Dazzling Display of the Crown Jewels of the Universe.

[From the European Edition of the Herald.]

JUVIAT OBSERVATORY, January 31.

TO THE EDITOR OF THE HERALD:—

In the month of January the sky offers to the new year a spectacle of luxury and richness. The jewels of sidereal space come out of their cases, precious gems kneaded by the hand of time in the geological laboratory of the earth shine on all sides. At the same time, by a happy coincidence, the firmament dons its brightest ornaments—diamonds, sapphires, emeralds and rubies, from on high their most dazzling rays and the opulence of the universe is shown to us in all its grandeur—proving, of course, that the clouds at last disappear.

In the midst of all these marvels Sirius, the king of the January sky, advances before us to the left of the giant Orion, his radiant light shining along the lower prolongation of the line of the Three Kings, while red Aldebaran and the vapory Pleiades are seen symmetrically along the upper prolongation of the same line. The two inseparable brothers, Castor and Pollux, of the constellation of the Twins; the golden star Capella and Procyon complete this imposing cortege, the most magnificent of all those seen in the heavens.

There is no star so popular as Sirius, not alone because it is the most brilliant of all stars or because its face is as old as humanity itself, its light having been undoubtedly the first to be perceived by mortal gaze, but on account of the part it has played in history.

Sirius, as a matter of fact, marks the distant stages of successive civilizations from the flourishing period of Egypt's glory, in which, like the faithful dog

REBELOUS PRIEST BANISHED BY TSAR OF MARTIAL LAW

Heliodorus, Abbot of Tzaritsyn, and Bishop Hermogenes, Another Reactionary, Are Sent Into Exile.

St. PETERSBURG, Tuesday.—By order of the Tsar and the Holy Synod, the recalcitrant Bishop Hermogenes has been dismissed from the Saratov diocese and exiled to the Zhilovitsky monastery, near Simferopol, for open and persistent insubordination in refusing to leave for Saratov in spite of reiterated imperial and synodal orders.

Simultaneously the reactionary priest Heliodorus, the Abbot of Tzaritsyn, has been exiled to a remote monastery in the government of Vladimir, for championing the cause of Hermogenes. Heliodorus was the cause of fanatical excesses in Tzaritsyn in February, 1911, when all his parishioners, becoming frenzied at his transfer by the Holy Synod to the diocese of Tula, decided to starve themselves until the priest was restored. Eventually the Tsar intervened and Heliodorus was permitted to remain in his own diocese.

The present sensational developments closely followed the dismissal of Hermogenes from membership in the Holy Synod, for a strongly worded telegram to the Tsar protesting against heretical innovations, among which he named the order of deaconesses, which is now being established by the Grand Duchess Elizabeth. The Grand Duchess is the widow of Grand Duke Sergius and a sister of the Tsar. After the assassination of her husband she took the veil at Moscow.

Hermogenes for the last week has been the centre of a veritable storm in the Russian Church. He and his supporters began a movement for the immediate convocation of a church council to deal with imperative reforms, among which were the restoration of the patriarchate, the formation of parishes and the elimination of tutelage of the regular clergy over the secular.

The fall and disgrace of Hermogenes and Heliodorus, who have been able to defy the highest authorities in the State, are ascribed to antagonism on the part of Gregory Rasputin, reputed to be a holy man and mystic, who wields enormous influence at the court.

PENSION FOR TOLSTOY'S WIDOW

St. PETERSBURG, Tuesday.—The Tsar has granted a pension to the widow of Count Tolstoy, who will receive 10,000 roubles (\$5,000) annually.

COURTESY TO MR. BACON

PARIS, Tuesday.—Mr. Robert Bacon, United States Ambassador at Paris, is to be especially distinguished by the Inter-parliamentary Arbitration group, which has decided to hold a special session at the Senate for him before his departure. The date has not yet been decided upon.

Mr. Bacon resigned on January 11, after his nomination as a member of the Corporation of Harvard University.

TEST OIL MOTOR SHIP

COPENHAGEN, Tuesday.—The Selandia, the largest oil motor ship in the world, underwent a successful trial trip here to-day, in which she maintained a speed of twelve knots. Leading Danish experts were on board.

The vessel displaced a column of troops into the heart of the mountains near Evora, where the column was in danger of being surrounded and annihilated, but was finally saved from this fate by reinforcements.

NOW IT'S THE SPIRITUAL HEIR.—The story of the Wright-Cheney one of strange national entanglement, in which the principal defied public opinion in defence of a principle. Next Sunday's NEW YORK HERALD.

EMPEROR BOYD CALLS CABINET COUNCIL TO ARRANGE FOR ABDICATION

YUAN SHIH-KAI WILLING

Premier Anxious for Any Solution That Will Guarantee Peace for China.

PEKING, Tuesday.—It is understood that immediate abdication of the Throne has been decided upon, as a result of the conference to-day between the Empress Dowager, Prince Chun and Prince Ching, in accordance with the conditions laid down by the republicans, that the imperial family and princes are to retain their empty titles, reside in Peking or elsewhere at their pleasure and receive annual pensions aggregating 3,000,000 taels (\$2,000,000), and that the transference of power will be effected with as little loss of dignity to the Throne as possible.

The Empress Dowager has summoned a Cabinet meeting to-morrow to arrange the details of abdication. Yuan Shih-kai, in a statement to the newspapers, avers his readiness to accept almost any solution which will guarantee peace. He has no fear for the country's future, he says, if the settlement is the fruit of reason, truth and justice.

Yuan further says that he has no ambition to become the President of the new republic, and only desires the establishment of a stable government.

Troop Train Blows Up

Many soldiers have been killed by the explosion of a dynamite mine under an imperial troop train which was proceeding from Siakgan, thirty miles north of Hankow, to Ho Nan. A bomb was thrown at the Viceroy, who was traveling on another train, but it struck the car adjoining, killing several soldiers, but not injuring the Viceroy.

General Liang-Pi, formerly commandant of the imperial guards, who was injured on January 27 by a bomb while he was alighting from his carriage at his home in Peking, died to-day.

The police of Mukden are making systematic raids on the homes of prominent men who are regarded as being in sympathy with the revolutionary party, assassinating them and carrying off their wives and daughters, according to a letter received here to-day from a missionary in that city. Consular reports confirm the accounts of scores of murders.

The letter of the missionary continues: "Whole armies of mounted soldiers are plundering along the roads leading into Harbin. These brigands hold the wealthy for ransom, which has to be paid either in guns and ammunition or in money. They torture and kill their victims. The law-abiding Chinese of the vicinity are praying for the intervention of the Japanese in Southern Manchuria and of the Russians in the north."

General Chao Erh-feng, the Viceroy of the province of Szechuan, who was beheaded by the revolutionaries at Cheng-tu in that province in December, was the brother of General Chao Esh-huan, the Viceroy of Manchuria. The latter is evidently determined not to share his brother's fate and perhaps is also exacting vengeance for his brother. General Chao Erh-huan is the only vigorous opponent of republicanism among the remaining Viceroy. He has adopted the method of employing hundreds of brigands as a police force and is legalizing assassination and other crimes committed by these desperado bands.

APPEAL FOR AID FOR STARVING CHINESE

A China famine relief committee, to work in conjunction with the American Red Cross Society, is soliciting funds for the three million inhabitants of the famine stricken districts in China, was organized yesterday afternoon in the office of Mr. Jacob H. Schiff, at No. 53 William street.

They found a check for \$10,000 from Mr. Cleveland H. Dodge awaiting them as an initial subscription. Bishop Reed presided at the meeting, which was attended by Messrs. Oscar S. Straus, Jacob H. Schiff, E. E. Olcott, William Fellowes Morgan, J. C. White, John W. Wood, Colonel E. W. Halford, Robert J. de Forest and William B. Miller, Mrs. W. K. Draper and Mrs. J. B. Cameron.

The urgency of the need for funds was dwelt upon by the representatives of the New York Chapter of the Red Cross, a paper and press conference, and their adherence to the effect that the present famine, which extends over an area of 30,000 square miles, is by far the most distressing in forty years. The situation is particularly serious because the people are discouraged by a long series of disasters and have become too discouraged to try to redeem their fortunes, they said.

Señor Don Cristobal Fernandez Vallin, Spanish Minister to Cuba, who asked to be relieved, has received a favorable answer from his government. He will be transferred to another post.

President Gomez will hold an official reception on January 28, this date being the anniversary of his installation in office, and it is said his little granddaughter, the daughter of Dr. and Mrs. Manuel Mencia, will be christened Josefina on that day. The name is the feminine of the President's own. On the same day the National Exhibition will be opened at the Villa of the Mills.

Señor Don Alberto L. Godoy, of Washington, D. C., is here as a guest of his parents, General Don José Godoy, Mexican Minister here, and Señora Godoy.

General William H. Bixby, U. S. A., was here for a few hours yesterday.

The American Vice Consul General, Mr. Joseph Springer, and the Misses Springer were here on Saturday evening.

Among the guests were Rear Admiral and Mrs. George W. Winslow, Captain David Leavitt Hough, Major and Mrs. Henry Anson Barber and Mr. and Mrs. William Kay Wallace.

Among the diners in the Miramar Gardens on Sunday night were Mr. Fernand Hombach, Chevalier of the Order of Orange; Mr. Herman Heidebreck, of Antwerp, and Mr. and Mrs. Paul Boulanger; Mr. and Mrs. Adolfo B. Horn and Mrs. Frank G. Robins, with Mr. Charles T. Ray, of Louisville, and Mr. Leo Alexander, of New York.

Among the Americans in the Miramar Gardens lately have been Mr. and Mrs. George M. Taylor, Glens Falls, N. Y.; Mr. and Mrs. J. W. Bushara, of Chicago, Ill.; Mr. and Mrs. Frederick M. Hann, of Havana; Mrs. Lillie E. Seaver, Miss Harriet F. Seaver, Miss Ethel J. Seaver, West Newton, Mass.; Mr. Wallace Draper, Wayland, Mass.; Mr. Arthur F. Luke, Mr. Julius O. Fote, Mr. and Mrs. A. Roky, New York.

SUGAR EXPERTS FAVOR RUSSIA

Believes Export Should Be Increased to 300,000 Tons.

BRUSSELS, Tuesday.—The International Sugar Conference met to-day. All the delegates except the Germans expressed themselves in favor of acceding to Russia's request to increase her export of sugar to 300,000 tons and the continuation of the present arrangement for another five years, with the Atlantic providing Russia be permitted further to increase her export in the event of another dearth of sugar, as in 1911.

The conference adjourned until Thursday to permit the German and Russian delegates to refer to question to their respective governments. It is understood that Germany is not willing to consent to Russia exporting more than 150,000 tons.

Russia's request for the sugar convention was for an increase of her export of sugar westward from 200,000 to 300,000 tons, the Brussels convention having limited the export to the former amount. At a recent meeting of sugar experts in Berlin the rejection of Russia's request was recommended to the government, which it was said, would probably follow the experts' advice. It is possible that this will mean the dissolution of the Brussels convention, as Sir Edward Grey, the British Foreign Secretary, last November announced in the House of Commons that unless the Powers would permit Russia to export at least 500,000 tons of sugar westward the British government had decided to declare its intention to adhere to the convention beyond 1913, the earliest date on which Britain could withdraw.

Mr. Simeon Ford "Holes" a Joke and Wins Match

Defeats Mr. John A. Black at Golf at Palm Beach by Making Dinner Speech on Last Green.

[SPECIAL DESPATCH TO THE HERALD.]

PALM BEACH, Fla., Tuesday.—Morning showers to-day failed to dampen the spirits of Messrs. John A. Black and Simeon Ford, of New York, who played a match on the golf links. Mr. Ford won the match, 1 up, but Mr. Black protests the result. He asserts that the match was even at the seventeenth hole, and that then Mr. Ford proceeded to repeat a speech which he had made recently at a dinner and so aroused Mr. Black's rebellious that he made a fluke on his next shot and lost.

Registrations at the Breakers include Mr. Roger R. Hill, of New York; Mr. and Mrs. M. L. Murphy, of Stillwater, Minn., and Mr. and Mrs. R. R. Murphy, of Austin, Tex.

Annual visitors who were inclined to believe this resort had reached perfection in artistic developments are exclaiming at the improvements made since last season. The sea wall has been extended and the wheel chair path along it widened. Several new cottages have been built on the shore of Lake Worth. The tract of land once known as "The Styx" has been cleared and beautified and is now called Emerald Park. A bridge, connecting West Palm Beach with the peninsula, has been constructed and terminates in the centre of Royal Park, which has been improved since its opening last year.
